ye stakes

NOTE

A strip plan showing the route from Lea to Poulton, surveyed in the late 17th-century. It is based on documents deposited at Lancashire Archives (DDX194/41, /42, /29r and /29v). It forms part of a larger collection of Lancashire strip plans of that date. Distances are shown in miles, with furlongs indicated by the white circles.

[The route between Lea Hall and the stakes is only roughly indicated. A note shows the distance from the stakes to Preston market cross to be 2.5 miles]
